### Bus Rules

The Girl Scouts want to be sure that each camper arrives to and from camp safely. In order to assure this, please review these bus rules with your camper and any other adult who may be picking up or bringing your camper to meet the bus.

1. Be prompt! As the adult dropping off and picking up your camper, please be on time both in the morning and in the afternoon. Remain with your camper until the bus arrives. Give camper name to bus monitor so she/he can check attendance before bus arrives.
2. When riding the bus, we follow the same rules as on the school bus when riding to and from school.
  - Each camper is to choose a seat and must remain seated in that seat until reaching camp.
  - Everyone should speak in a soft voice at all times on the bus. If there is singing on the bus, it must be in a normal voice not shouting or screaming. If you bring an iPod with ear phone for the bus travel, you are responsible. It must be off & stored during the activity event.
  - When the bus stops, everyone on the bus must be silent. This is at traffic lights, intersections, and any other time that may be necessary.
3. Regardless of where your bus stop is, we do not have permission to enter the buildings or stores at the stops. You must remain at the bus stop in the morning until the bus arrives and in the afternoon until picked up. Go to the bathroom before you arrive.
4. Anyone that does not follow these rules will not be able to ride the bus for the remainder of camp or teen treks.

Please note that GSCNC is not responsible for your camper before or after the scheduled bus times. The bus drivers will do their very best to follow this schedule. Because of the strict schedule that our buses must follow, they cannot wait at each stop for late arrivals in the morning or in the afternoon.

- ✓ Times are approximate and depend on traffic & stop locations.

### Bus Route – 1 bus for July tubing trek

| Bus 1                                   | Bus Stop  | Pick-up Time AM                      | Drop-off Time PM | Bus Stop Monitor |
